Sir,

Subject - Entertainment of staff for effecting disconnections of water service in respect of defaulters of water revenue

---

I have the honour to state that the Superintendent, Vanivilas Water Works, Mysore, brought to notice that much difficulty is being experienced for effecting disconnections quickly for non-payment of arrears and also speedy restoration of water connections after payment thereof It was stated that there were as many as 1500 connections which had to be disconnected in a half year and before this could be given effect to, there was a similar list for the next period At present the fitters of the Vanivilas Water works alone are attending to the disconnection work They cannot satisfactorily do this with the result that collection of water revenue has been hampered In order to effect disconnections promptly and in the interest of satisfactory collection of water revenue, separate hands for this disconnection work were proposed by the Vanivilas Water Works

The subject came up before the Managing Committee of the Council held on 14-2-1947, when the Superintendent of the Vani Vilas Water Works was also present by invitation After getting the difficulties explained by the Superinterdent, the Managing Committee recommended sanction to the employment for one year of seven hands to work under the Municipality on Rs 12/- plus D A, at the rate of one for each Chowkalla, the cost being debited to the Annual Maintenance estimates The Council also

duly sanctioned this proposal at their meeting dated 27-2-47 The Executive Engineer who was consulted in the matter has replied that he concurs with the views of the Municipal Council that Government have to meet this cost in the same proportio as in the case of other maintenance charges of Vanivilas Water works, Mysore, and that Government sanction may be obtained thereto

In enclosing the copies of the resolutions of the Managing Committee and the Council as also the copy of the letters No 4433 of the Executive Engineer, Water Supply Division, Bangalore in this behalf, I request you kindly to obtain sanction of Government for the entertainment of the above staff for a period of one year from 15th May 1947, the cost being debited to the Annual Maintenance estimates of Vanivilas Water Works

Necessary provision will be made in the Budget for the above establishments in the annual maintenance estimates of the Vanivilas Water Works, for current year and also for 47-48
